Encl: (1) Information Warfare Enterprise Training Committee Charter
(2) Naval Information Warfare Systems Command Program Management Office for Information Warfare Training Systems Charter
(3) Definitions

1. Purpose. To establish policies and procedures to identify Information Warfare (IW) manpower and training requirements and develop plans and programs to satisfy those requirements per references (a) through (j).

2. Scope and Applicability

a. This instruction is applicable to all IW force manpower, training, and human performance requirements.

b. Enclosures (1) and (2) provide guidance for executing the policies and procedures of this instruction. Enclosure (3) provides a list of acronyms and definitions used in this instruction.

3. Background. Close coordination is required among fleet commanders, the IW Type Commander (TYCOM), Naval Information Warfare Systems Command (NAVWAR), Program Executive Offices (PEO), Commander, Naval Education and Training Command (NETC), and the Office of the Chief of Naval Operations (OPNAV) staff to develop, program, budget, execute, and annually update an OPNAV approved IW Training Plan that supports Commander,

U.S. Fleet Forces Command (COMUSFLTFORCOM), Commander, U.S. Pacific Fleet (COMPACFLT), and Commander, U.S. Naval Europe-Africa Forces (COMNAVEUR/NAVAF) readiness requirements. This coordination is best accomplished through a standing committee of knowledgeable and accountable representatives who actively participate in the development and assessment of manpower, training, and human performance requirements and resourcing solutions.

4. Policy. The IW Enterprise Training Committee (IWETC), will ensure all manpower and training continuum requirements for individual, unit, integrated, and sustainment phases of training are annually assessed, validated, and endorsed by the IW TYCOM, COMUSFLTFORCOM, COMPACFLT, and COMNAVEUR/NAVAF via the OPNAV program objective memorandum (POM), with results documented in the IW Training Lethality Gap (IWTLG) Report and Information Warfare Training Plan (IWTP).

5. Records Management

a. Records created as a result of this instruction, regardless of format or media, must be maintained and dispositioned per the records disposition schedules found on Directives and Records Management Division portal page at <https://portal.secnav.navy.mil/orgs/DUSNM/DONAA/DRM/Records-and-Information-Management/Approved%20Record%20Schedules/Forms/AllItems.aspx>.

b. For questions concerning the management of records related to this instruction or the records disposition schedules, please contact the local records manager or the OPNAV Records Management Program (DNS-16).

6. Review and Effective Date. Per OPNAVINST 5215.17A, Deputy Chief of Naval Operations for Information Warfare (CNO N2N6) will review this instruction annually around the anniversary of its issuance date to ensure applicability, currency and consistency with Federal, Department of Defense, Secretary of the Navy and Navy policy and statutory authority using OPNAV 5215/40 Review of Instruction. This instruction will be in effect for 10 years, unless revised or canceled in the interim, and will be reissued by the 10-year anniversary date if it is still required, unless it meets one of the exceptions in OPNAVINST 5215.17A, paragraph 9.

OPNAVINST 1500.89
16 Apr 2025

Otherwise, if the instruction is no longer required, it will be processed for cancellation as soon as the need for cancellation is known following the guidance in OPNAV Manual 5215.1 of May 2016.

A handwritten signature in black ink, appearing to read 'K. O. Thomas', with a stylized, elongated horizontal stroke extending to the right.

K. O. THOMAS
Deputy Chief of Naval Operations
for Information Warfare

Releasability and distribution:

This instruction is cleared for public release and is available electronically only via Department of the Navy Issuances website, <https://www.secnave.navy.mil/doni/default.aspx>.

INFORMATION WARFARE ENTERPRISE TRAINING COMMITTEE CHARTER

1. Objective. To improve warfighter performance and readiness of IW forces through effective coordination and communication in the development, planning, programming, budgeting, and execution of an integrated and effective IWTP that closes training deficiencies outlined in the IWTLG Report.
2. Scope. The IWETC ensures alignment among manpower and training program planning, execution, and resourcing of a wide range of new and existing IW programs. Additional programs are added as necessary for the IWETC to accomplish its objectives.
3. Governance. The O-7, O-8, or civilian equivalent level IWETC reports to Fleet and OPNAV forums associated with the POM process and will establish an O-6 or civilian equivalent level Executive Steering Committee (ESC) and an O-6 or civilian equivalent level Standing Action Group (SAG).
4. Membership
 - a. IWETC Members (O-7, O-8, or Civilian equivalent):
 - (1) Director of Warfighting Integration (OPNAV N2N6I)
 - (2) Naval Information Forces (COMNAVIFOR)
 - (3) NAVWAR Logistics and Fleet Support (NAVWAR 4.0)
 - (4) Naval Information Warfighting Development Center (NAVINFOWARDEVCCEN NORFOLK VA)
 - b. ESC Members (O-6 or Civilian equivalent):
 - (1) Director, Fleet Personnel Development and Allocation (COMUSFLTFORCOM N1)
 - (2) Director, Total Fleet Force Manpower and Personnel (COMPACFLT N1)
 - (3) Director, Fleet Personnel (COMNAVEUR/NAVAF N1)
 - (4) Assistant Chief of Staff, Manpower and Personnel Readiness Directorate (COMNAVIFOR N1)
 - (5) Assistant Chief of Staff, Command, Control, Communications, Computers, Cyber, and Intelligence Education and Training (COMNAVIFOR N7)

- (6) Branch Chief, Acquisition Manpower and Training Requirements (OPNAV N13M5)
 - (7) Branch Head, IW, Manpower and Training Integration (OPNAV N2N6IP4)
 - (8) Branch Head, Expeditionary Warfare, Manpower and Training (OPNAV N959)
 - (9) Branch Head, Surface Warfare, Manpower and Training (OPNAV N96D)
 - (10) Branch Head, Reserve Warfare, Manpower and Training (OPNAV N0959M)
 - (11) Branch Head, Undersea Warfare, Programming and Manpower (OPNAV N978)
 - (12) Branch Head, Air Warfare, Training Branch (OPNAV N980T)
 - (13) Chief of Staff, (NAVINFOWARDEVCCEN NORFOLK VA)
 - (14) NAVWAR Training Systems Program Office (NAVWAR 4.4)
 - (15) PEO Command, Control, Communications, Computers, and Intelligence, PEO Space Systems, and applicable Program Managers
 - (16) Manpower and Personnel Department (NETC N1) and Learning and Development (NETC N7)
- c. IWETC SAG Members (O-6 or Civilian equivalent):
- (1) Center for Information Warfare Training
 - (2) Naval Information Warfare Training Group
 - (3) Carrier Strike Group FOUR
 - (4) Carrier Strike Group FIFTEEN
 - (5) Above Water Sensors, PEO Integrated Warfare Systems
 - (6) Director, Afloat Training (NAVINFOWARDEVCCEN NORFOLK VA N7)
 - (7) Director, Ready Relevant Learning, PEO Manpower, Logistics, and Business Solutions
 - (8) Afloat Training Group (ATG) Pacific and ATG Atlantic

(9) Tactical Training Group (TTG) Pacific and TTG Atlantic

(10) Deputy Chief of Staff, Training and Operations (Commander, Naval Information Forces Reserve N7)

(11) Other fleet organizations and commands not specified in this list may be included as members of the SAG as deemed necessary by the IWETC

d. The commands listed in subparagraphs 4d(1) through 4d(3) assigned as Training Mission Area Chairs (MACs):

(1) Assured Command and Control - Center for Information Warfare Training (CIWT)

(2) Battlespace Awareness - Naval Information Warfare Training Group (NIWTG)

(3) Integrated Fires - NAVINFOWARDEVCCEN NORFOLK VA

e. The commands listed in subparagraphs 4e(1) and 4e(2) are assigned as Manpower MACs:

(1) IW Manpower MAC - COMNAVIFOR N1

(2) NAVWAR Manpower MAC - NAVWAR 4.4

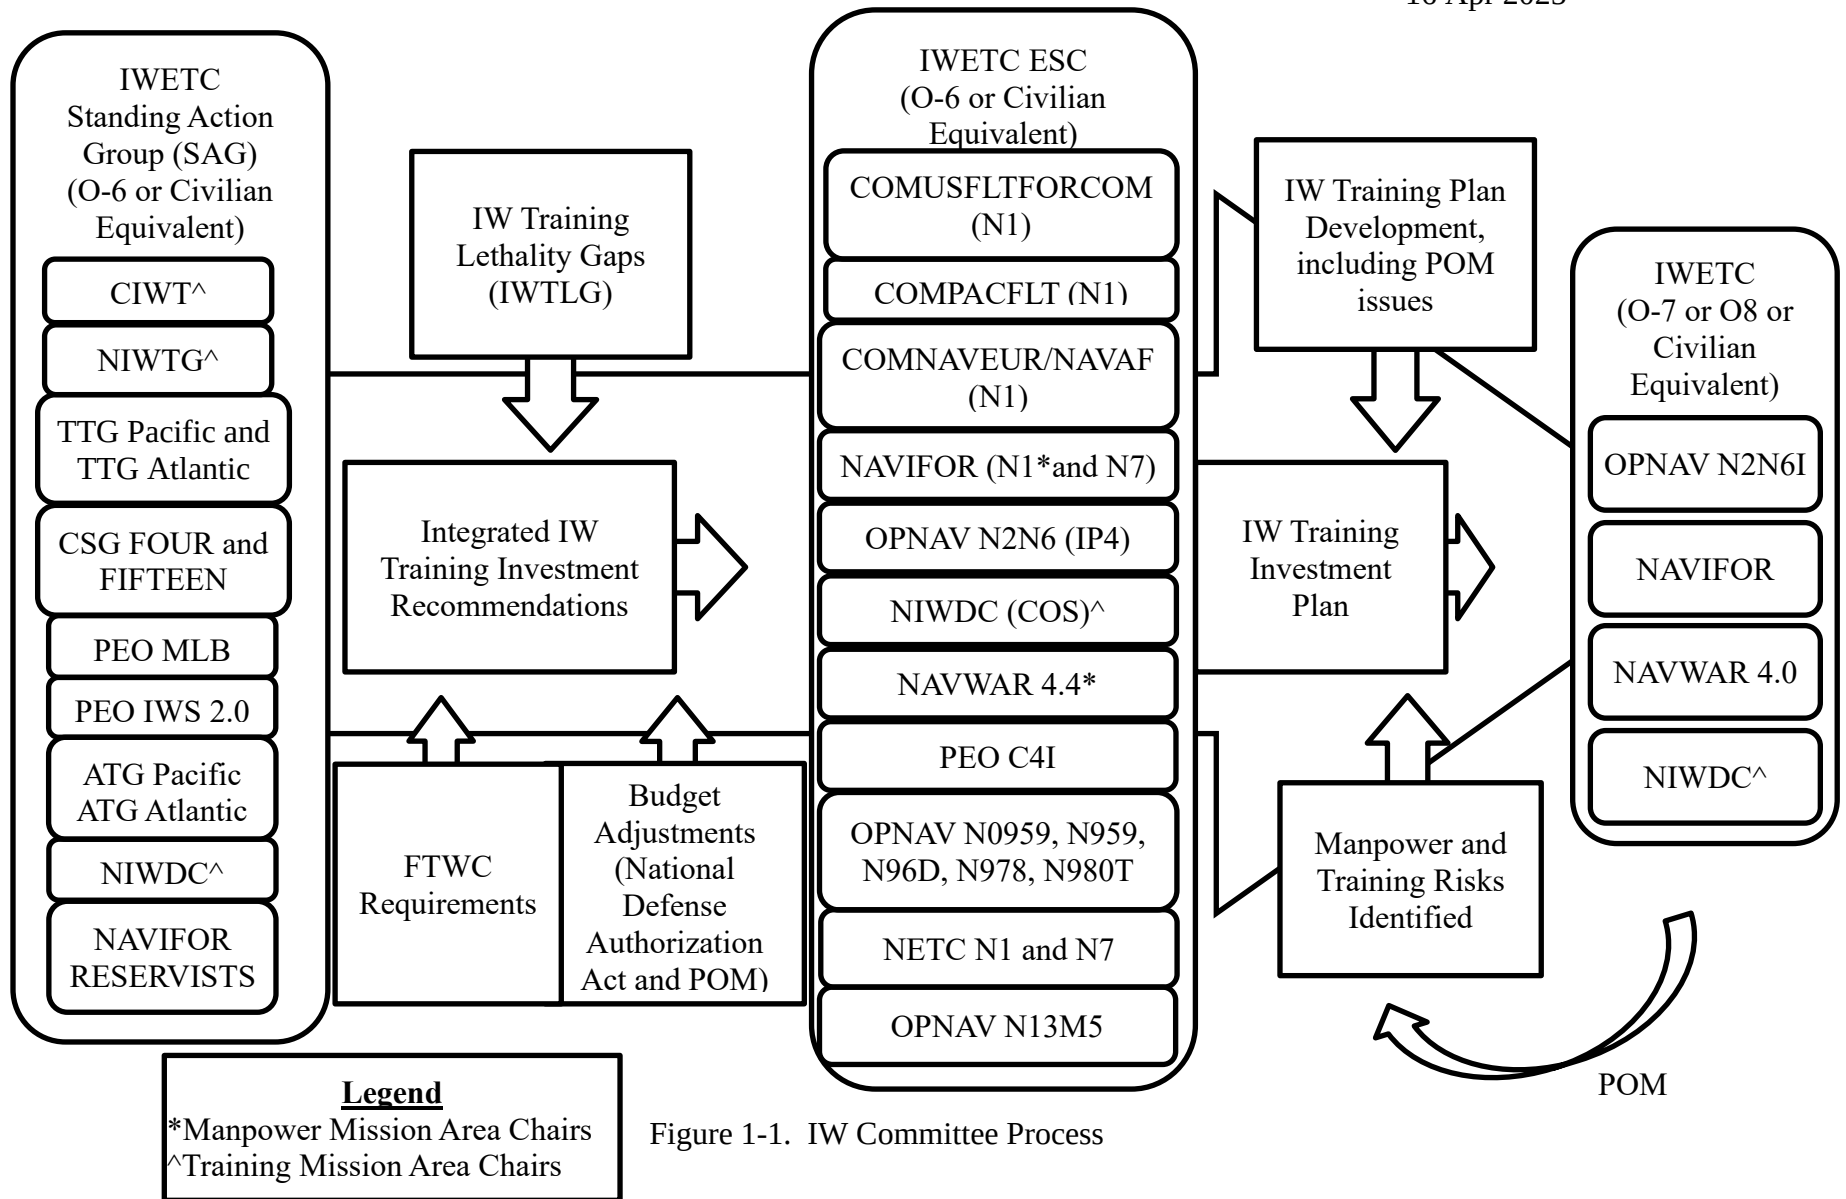

Figure 1-1. IW Committee Process

5. Responsibilities

a. OPNAV N2N6I and COMNAVIFOR Executive Director will co-chair the IWETC to provide direction and guidance as required. The co-chairs will have the responsibilities listed in subparagraphs 5a(1) through 5a(4).

(1) Schedule meetings. Meetings will be coordinated with the host learning site and conducted via the most economical method to achieve the meeting objectives and may include both video teleconferencing and formal meetings.

(2) Develop agendas.

(3) Assign or forward tasks for implementation.

(4) Maintain historical files.

b. Subparagraphs 5b(1) through 5b(7) are primary, but not all-inclusive responsibilities of IWETC members:

(1) Validate, prioritize, and forward manpower and training continuum assessments, proposed investments, and offsets to inform annual OPNAV POM manpower and training inputs.

(2) Notify ESC and SAG members when an OPNAV POM proposal does not include training committee endorsed core requirements.

(3) Assess IW manpower and training continuum shortfalls as identified by Fleets, the IW TYCOM, NETC, learning center, and other manpower and training stakeholders. In this capacity, develop detailed and executable solutions to correct shortfalls by validating program and non-program of record training content across all phases of training to meet requirements.

(4) Act as advisor to the OPNAV staff, supporting IWETC endorsed manpower and training solutions, where appropriate, to include identifying manpower and training solutions to inform the Fleet Training Wholeness Committee.

(5) Act as advisor to PEOs by making critical assessments of PEO acquisitions and programs, with specific emphasis on the evaluation of program manpower and training adequacy, and recommending budget, policy, management and acquisition decisions, where appropriate.

(6) Assist CNO N2N6 to develop and publish the IWTLG Report and IWTP. The IWTLG Report documents significant training requirement shortfalls, and the IWTP serves as the IWETC investment recommendation. The IWETC proposes POM issues that inform the

annual OPNAV POM process. The IWTP and IWTLG Report will include training requirements and solutions to warfare training continuums and will be maintained by OPNAV N2N6IP.

(7) Provide a forum to assess IW areas and supporting manpower and training continuums.

c. Subparagraphs 5c(1) through 5c(7) are primary, but not all inclusive, responsibilities of the IWETC ESC:

(1) Provide timely resolution of issues.

(2) Assign action items to MACs.

(3) Assess MAC training reviews.

(4) Validate IWETC training efforts.

(5) Validate and forward to the IWETC the manning and training continuum assessments, prioritized proposed investments, and offsets to inform annual OPNAV POM inputs.

(6) Ensure TYCOM development and approval with fleet commander endorsements of core issues to inform annual OPNAV POM manpower and training decisions.

(7) Assist in development of annual OPNAV POM proposals for their respective organizations, ensuring cross-sponsor and TYCOM coordination to meet training committee endorsed core requirements.

d. Subparagraphs 5d(1) and 5d(2) are primary, but not all inclusive, responsibilities of the IWETC SAG:

(1) Identify manpower and training shortfalls and submit a MAC assessment of assigned continuums to the IWETC. The assessment incorporates known COMUSFLTFORCOM, COMPACFLT, COMNAVEUR/NAVAF, and TYCOM requirements including manpower requirements, training systems, facilities, human performance requirements, mission area training status, POM investments, and potential offsets for new investments.

(2) Charter working groups to examine specific areas of interest in greater depth as required.

e. The Subparagraphs 5e(1) through 5e(9) are primary, but not all inclusive, responsibilities of the IWETC MACs:

(1) Brief the IWETC on the status of assigned manpower and training continuums, or phases thereof, in-person or via video teleconferencing networks.

(2) Propose, review, and inform the training committee of the effect of POM decisions as applicable.

(3) Propose offsets for new programs and investments.

(4) Charter and oversee manpower and training continuum working groups, leveraging organizations, and subject matter experts as required to complete IWETC ESC assigned tasks.

(5) Develop Skills, Knowledge, Infrastructure, and Manpower quad slides that assess the current training gaps and inform IWTLG Report development.

(6) Support periodic Job Duty Task Analysis reviews.

(7) Assign training continuum action officers to participate in the SAG.

(8) Provide IWETC secretariat support to the ESC when IWETC meetings are conducted at their learning sites. This support includes coordinating with the designated host activity for audio and video services, site tours, and IWETC flag briefs.

(9) In collaboration with OPNAV N2N6I, COMNAVIFOR N1, COMNAVIFOR N7, and NAVWAR 4.4 will validate afloat and ashore IW training efforts.

6. Reporting Requirements. The IWETC members report to their respective chain of command and inform other IWETC members when decisions affect flag-IWETC proposed or endorsed POM investments.

7. Frequency of Meetings. IWETC meetings occur biannually and are synchronized with the annual Integrated Prioritized Capabilities List and POM process, as depicted in Figure 1-2.

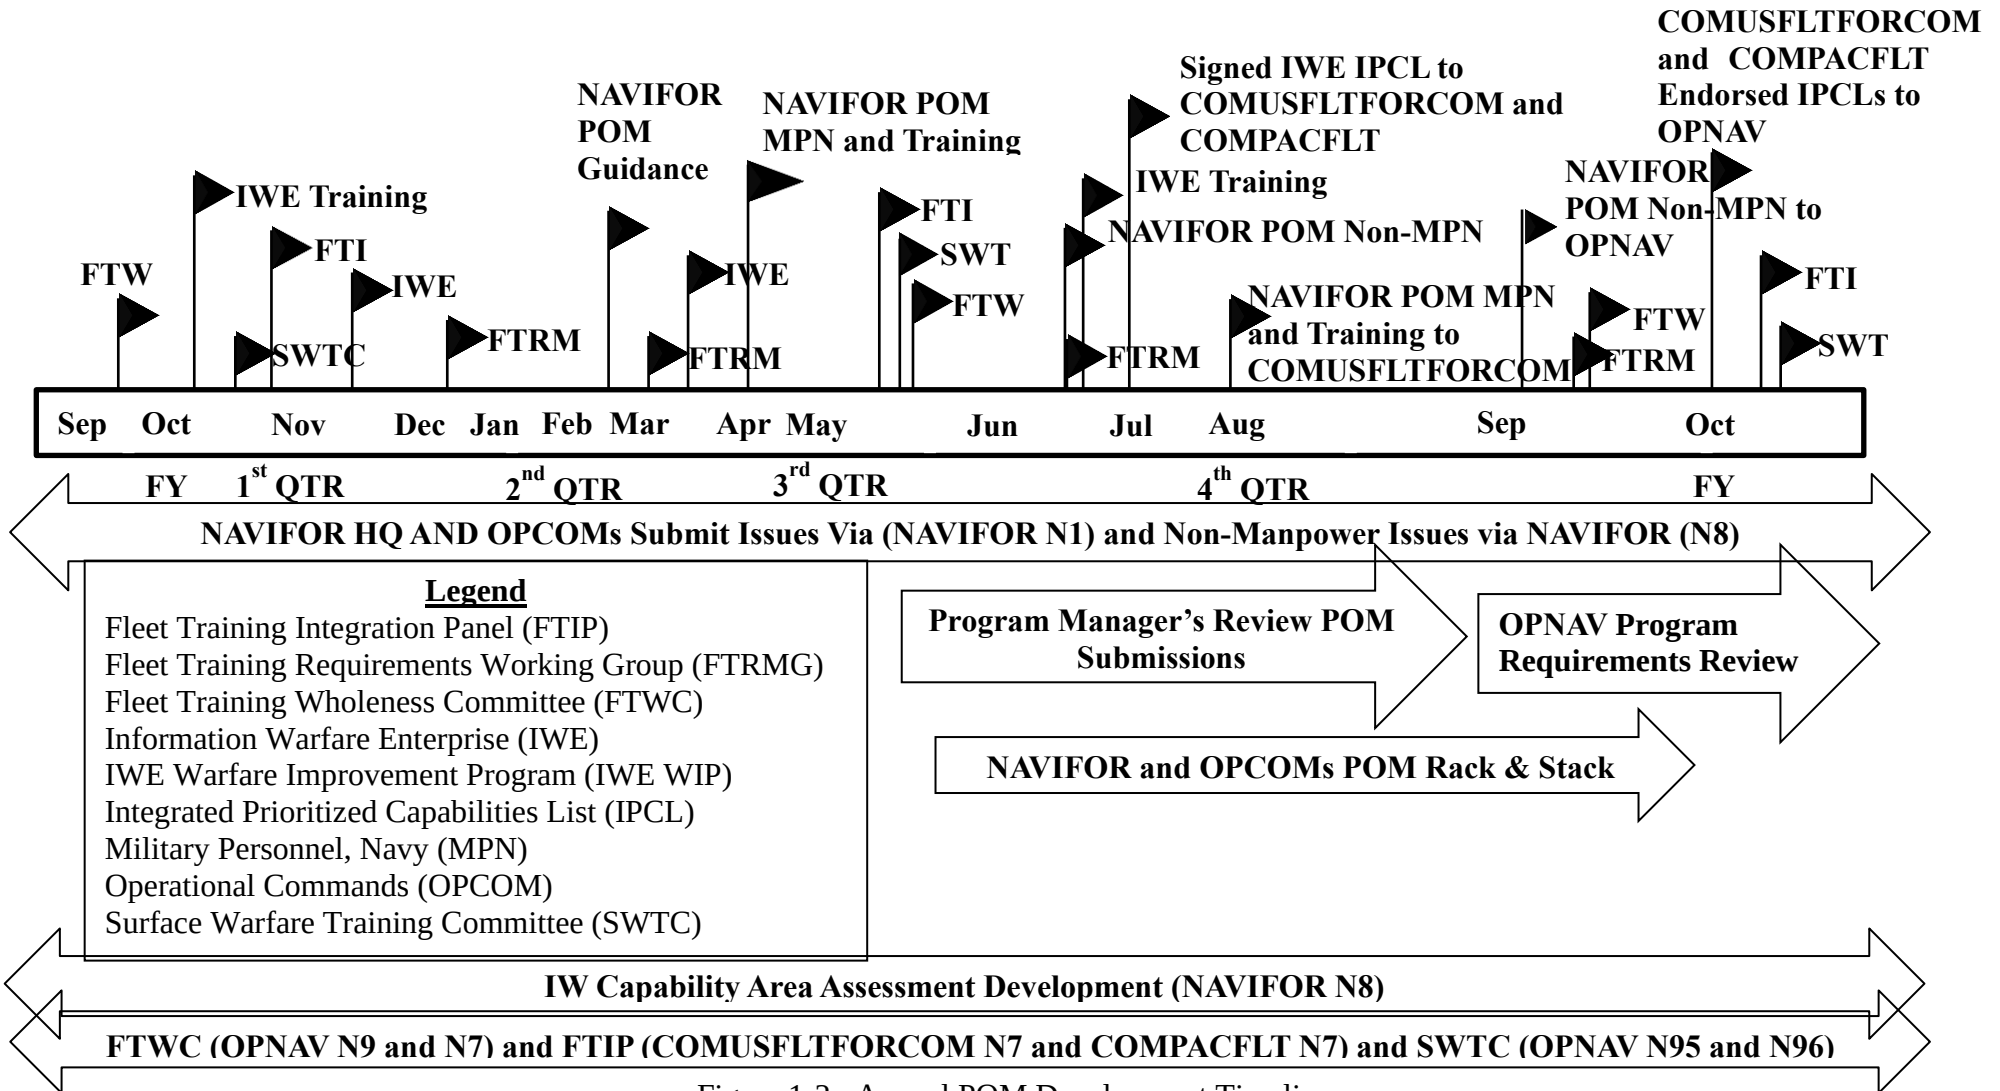

Figure 1-2: Annual POM Development Timeline

NAVAL INFORMATION WARFARE SYSTEMS COMMAND PROGRAM MANAGEMENT
OFFICE FOR INFORMATION WARFARE TRAINING SYSTEMS CHARTER

1. Purpose. Define the roles and responsibilities of the NAVWAR 4.4.
2. Background. NAVWAR 4.4 supports the goals outlined in this instruction through validation of NAVWAR program management decisions supporting the execution of CNO N2N6 manpower and training requirements. This function is conducted in collaboration with CNO N2N6 resource sponsors, NAVWAR, fleet, and training stakeholders with the objective of improving and sustaining efficiencies and effectiveness across all phases of IW training (e.g., schoolhouse, basic, advance, integrated and sustainment). This effort follows the best practices of established warfare community training program managers.
3. NAVWAR 4.4 Roles and Responsibilities
 - a. Requirements
 - (1) Establish all training requirements documents per OPNAVINST 1500.76D to meet OPNAV requirements. The CNO N2N6 Resource Sponsor approves all NAVWAR Systems Command developed training requirements documents aligned to CNO N2N6 and approves all CNO N2N6 Navy Training System Plans (NTSP) with concurrence from the Director Military Personnel Plans and Policy (OPNAV N13).
 - (2) As the IW Training System Program Office, assist OPNAV in the fleet validation of manpower and NTSPs for IW programs and non-IW programs that impact IW work centers ashore and afloat. This includes assessing feasibility of manpower and training solutions as well as adherence to applicable instruction and doctrine. For changes to manpower and training requirements, ensure the program offices have reasonable cost estimates and are developing POM.
 - (3) Assist NAVWAR Program Offices in development and implementation of manpower plans and NTSPs to meet CNO N2N6 and fleet requirements. Manpower plans should be concurred with by Navy Manpower and Material Analysis Center in coordination with IW stakeholders. NAVWAR 4.4 will also liaison between Program Offices and applicable MACs to ensure proposed investments are captured in POM submissions. This includes ensuring annual updates align with POM investments as described in the annual IWTP or other OPNAV resource documents.
 - (4) Act as OPNAV IW program NTSPs review authority prior to individual Program Manager submission to CNO N2N6 for final acceptance.
 - (5) Conduct and coordinate analysis as necessary and recommend manpower and NTSP changes to provide input to IWETC requirements. This includes Front-End Analysis, NTSPs,

and Technical Effectiveness Evaluation reports and should include potential impacts to current and future requirements and any known “offsets” that may be applied.

(6) Assess Ship Change Documents and Engineering Change Proposals, as they pertain to afloat and ashore platforms for impacts to IW manpower and training requirements and validate that a resourcing plan (funding) supports the Ship Change Documents and Engineering Change Proposals. If manpower and training deliverables are not mature enough, NAVWAR 4.4 will recommend to the Ships Program Manager to defer the shipboard alteration until there is a defined and agreed to way ahead to deliver required manpower and training products. Where manpower and training funding shortfalls exist, NAVWAR 4.4 will notify the applicable resource sponsor and applicable TYCOM for resolution, who must adjudicate the required transfer of funds to NAVWAR 4.4 to sustain any associated schoolhouse training systems or training devices. Exemptions will be made when a resource sponsor and program office agrees to identify manpower and training funding within their respective budget exhibit, or to absorb risk.

(7) Provide oversight of training support agents for designated systems, to ensure presence at major fleet concentration areas and learning centers to validate manpower and training plans prior to and routinely after transfer to the training agent, and advise participating acquisition resource managers and program managers when requirements are not met. The transfer of training from training support agents to training agent should be properly coordinated in a Plan of Action and Milestones and documented in the Training Installation and Transfer Agreement per OPNAVINST 1500.76D which would be drafted in conjunction with the system NTSP.

(8) As required, coordinate TYCOM and MAC validation of lifecycle Assured Command and Control, Battlespace Awareness, and Integrated Fires training content. All lifecycle training under the NETC cognizance will be developed per NETC policy and will be concurred with by the TYCOM and training agent. In the event that lifecycle training is not yet in place, NAVWAR 4.4 will work closely with the applicable program office to ensure a robust interim training plan is implemented per OPNAVINST 1500.76D.

b. Execution

(1) Oversee, manage, and influence funds, as appropriate, for the development, acquisition, operation and maintenance, sustainment, modernization, overhaul, and decommission of schoolhouse and waterfront shore-based training systems. This includes upgrades for courseware due to Ship Change Documents, Enterprise Change Requests, or authoritative procedure changes, organization, training, materiel, leadership and education, personnel, and facilities change requests as directed by IWTP, or NTSP requirements.

(2) Assist CNO N2N6 and IW learning centers in development and execution of IWTLG Report and IWTP requirements.

4. Organizational Relationships

- a. NAVWAR 4.4 reports to NAVWAR 4.0.
- b. NAVWAR 4.4 is a member of the IWETC.
- c. NAVWAR 4.4 is the point of contact for acquisition issues related to IW training systems for Naval Sea Systems Command Submarine Training Systems Division (NAVSEA 07TR), Naval Air Systems Command Aviation Training Systems Program Office (PMA 205) and Naval Sea Systems Command Program Manager Office for Surface Training Systems (PMS 339).
- d. NAVWAR 4.4 assesses manpower and training plans developed by the acquisition resource managers and program managers (initial and revision) to meet CNO N2N6 requirements, providing a concur or non-concur recommendation to the applicable resource sponsor (i.e. CNO N2N6) prior to obtaining Deputy Chief of Naval Operations for Personnel, Manpower, and Training (CNO N1) concurrence.
- e. In special circumstances, the CNO N2N6 Resource Sponsor may designate NAVWAR 4.4 as a training agent for specialized training in lieu of delivering to a traditional learning center. CNO N2N6 Resource Sponsor will provide NAVWAR 4.4 the resourcing to develop, deliver, and sustain this training to include funding for manpower and instructor requirements associated with CNO N2N6 requirements.
- f. NAVWAR 4.4 will evaluate training effectiveness and return on investment for all IWETC training projects per OPNAVINST 1500.76D. NAVWAR 4.4 will provide bi-annual briefings on results at each IWETC event.
- g. NAVWAR 4.4 will evaluate Ready Relevant Learning requirements to determine impacts to training efforts. System training requirement and development projects should be in alignment with approved rating training requirements.
- h. NAVWAR 4.4 will lead the Technical Effectiveness Evaluation, reviewing applicable courses for technical accuracy. Auditors will note all deficiencies in which course content does not match Fleet requirements. These reports will provide input to applicable system NTSP updates as well as POM submissions through applicable MACs.

DEFINITIONS

1. Definitions

a. IWTLG Report. An annual report that developed to document the inability to train to the full lethality requirement of a system or family of systems in capability and capacity. The objective is to align training stakeholders and identify and document surface training gaps in detail. The report supports the IW Training Plan and POM submissions and provides situational awareness to leadership.

b. IWTP. A 1-year investment plan that documents significant training requirement shortfalls and requested resources to correct shortfalls and serves as the IW manpower and training investment strategy. The objective is to close training shortfalls identified in the IWTLG Report and align IW training stakeholders. Recommendations for updates to the IWTLG Report must be reviewed at each IWETC meeting.
