(8) Sample Late Letter

1. Purpose. To publish policy and procedures governing submission, timelines, and standards for all Naval Legal Service Command (NLSC) personal awards. This instruction includes significant updates to the process for submission, delegation authorities, routing timelines, and to the composition of the NLSC Awards Board.

2. Cancellation. CNLSCINST 1650.2A.

3. Scope and Applicability. This instruction applies to all personal awards for active duty and reserve personnel assigned to NLSC.

4. Policy. References (a) and (b) promulgate policies for awarding military decorations, medals, and ribbons within the Department of the Navy (DON). The purpose of DON military awards is to provide deserving members of the naval service recognition for qualifying acts of valor or non-combat heroism, for exceptionally meritorious achievement or service, and for other acts of services that are above and beyond what is normally expected, and that distinguish an individual or unit among those performing similar acts or services.

a. Approval Authority. CNLSC is the final approval authority for the following awards:

(1) Flag Letter of Commendation (FLOC).

(2) Meritorious Service Medal (MM), with the exception of CNLSC's personal staff, which are approved by Director, Navy Staff (DNS). Members of personal staff include the Executive Assistant, Aide, and Flag Secretary, per reference (a).

(3) Navy and Marine Corps Commendation Medals (NC) and below for CNLSC headquarters staff. Per reference (a), Flag Officers can approve NC and below for personal staff.

b. Level of Award. The level of award must be commensurate with the level of performance and responsibility, taking into account the mission impact of the individual's achievements and scope of responsibility of the individual recommended for an award. References (a) and (b) do not equate award level to rank and rate. Any recommendation should be weighed principally on its merit and is generally equated to the level of responsibility, which normally increases with rank and grade. To merit an award, the act or service must be beyond normal expectations in order to preserve the prestige and motivational value of the Navy's personal military decorations. Awards must be judiciously vetted in accordance with the published criteria and the standards established by past awards within the Navy and Marine Corps.

c. Preparation of Award Packages and Recommendations

(1) All personal awards requiring approval/endorsement by CNLSC must be Flag Officer signature-ready. Award submissions that require extensive rework will be returned to the originating command or office. Enclosures (1) through (8) provide a guide for drafting and submitting personal awards. Commanding Officers (COs), NLSC Directors, and Chief, Victims' Legal Counsel Program (CVLCP) must substantively review all nominations for accuracy prior to submission. Incomplete or inadequate award packages will be returned to the submitting command, NLSC Director, or CVLCP.

(2) The award package submitted via the Electronic Task Management Solution System (ETMS2) for active duty personnel and SharePoint award portal for reserve personnel portal consists of:

(a) Current version of the OPNAV 1650/3 in portable document format (PDF) fillable format with digital signature only;

(b) Draft citation in Microsoft Word format;

(c) Draft certificate in Microsoft PowerPoint format (for MM and above);

(d) PDF of most current Navy Department of Awards Web Service (NDAWS) information (may be accessed through Bureau of Naval Personnel (BUPERS) Online (BOL) by clicking on the "Navy Personnel Command Document Services" link);

(e) Official Bio (JAGLink format preferred) in PDF format;

(f) Copies of any other award from the same tour (if applicable); and

(g) Checklist in scanned/PDF format (see enclosure (1)).

(3) Use the following file naming convention: Last Name(type of award)type of document. (E.g. Doe(MM)1650 digitally signed; Doe(MM)Citation; Doe(MM)Bio; Doe(MM)Checklist; Doe(MM)NDAWS).

(4) The Commander, Naval Legal Service Command (CNLSC) Administrative Specialist (N00S) will serve as the NLSC Personal Awards Program Manager (PAPM). All questions about NLSC personal awards should be directed to the PAPM.

d. Award Submission Timeliness and Processing

(1) Active duty personnel awards must be submitted via ETMS2.

(2) Reserve personnel awards must be submitted via the Sharepoint Awards Portal https://portal.secnav.navy.mil/orgs/JAG/Awards/AwdSub/Lists/Award_Submissions/Dashboard.aspx#InplviewHashfd5bd86a-52ea-4d78-966b-9c56d4f52287. Access to the SharePoint awards portal can be requested via the Navy JAG SharePoint Portal.

(3) Commands must submit end of tour awards within the following guidelines to allow sufficient time to process the awards.

(a) FLOC. FLOCs must be submitted no less than 30 days prior to the award ceremony or detachment date, whichever occurs earliest.

(b) Navy and Marine Corps Commendation Medal (NC) and below. NCs and below for CNLSC headquarters staff must be submitted no less than 60 days prior to the award ceremony or detachment date, whichever is earlier. Echelon 3 COs serve as the approval authority for NCs and below. If the awards board recommends an NC or below, and CNLSC concurs, the package will be returned to the originating command for further processing.

(c) Meritorious Service Medal (MM). MMs must be submitted no less than 60 days prior to the award ceremony or detachment date, with the exception of a retiring Senior Enlisted Leader (SEL), E8s and E9s only. MMs for a retiring SEL must be submitted no less than 90 days prior to the award ceremony or detachment date. The Judge Advocate General serves as the approval authority for retiring SEL's MMs. CNLSC's personal staff MM award nominations must be submitted no less than 90 days prior to the award ceremony or detachment date. DNS serves as approval authority for MMs of CNLSC's personal staff.

(d) Legion of Merit (LM) and higher. LMs must be submitted no less than 120 days prior to the award ceremony or detachment date, whichever is earlier. DNS serves as approval authority for LMs and higher. CNLSC will serve as the originator. Commands must still submit all elements of the package to CNLSC for signature as originator.

(e) Military Outstanding Volunteer Service Medal (MOVSM). Per reference (b), COs who are authorized to award the Navy and Marine Corps Achievement Medal may award the MOVSM to personnel assigned to their command who meet the eligibility criteria. CVLCP will forward MOVSM nominations to CNLSC as the approval authority. Per reference (b), the Navy's policy requires a sustained period of volunteer service, normally 36 months, to qualify for the award.

e. Late Submission. Supervisors are expected to monitor key event dates related to their assigned personnel in order to ensure that awards are properly prepared and submitted in a timely manner. Award recommendations that are not received within the above established lead times shall be accompanied by a letter of explanation from the Commanding Officer, Director, or CVLCP using enclosure (8). "Administrative oversight" is not an authorized explanation. While hastily prepared or poor quality recommendations will be returned for correction and development, under no circumstance will late submission of an award package serve as the basis for disapproval or forwarding of the proposed award. However, final signatures for late awards cannot be guaranteed prior to the service member's award ceremony or detachment date.

f. Awards Board

(1) Board Composition. The NLSC active duty awards board is comprised of the Deputy CNLSC, NLSC Directors, CVLCP, and the NLSC Senior Enlisted Leader. Deputy CNLSC also serves as president of the NLSC personal awards board. The awards board for Reserve personnel must be comprised of members appointed by the Deputy Judge Advocate General (DJAG) Reserve Affairs & Operations (RA&O).

(2) Board Process. Each awards board must meet virtually or in-person and vote promptly on the appropriate level of award. Voting may be conducted by Teams, email, telephonically, or in person. The vote of the awards board must be recorded in block 31 of the OPNAV 1650/3. The board recommendation for active duty personnel will be forwarded to CNLSC. The board recommendation for reserve personnel will be forward to CNLSC via DJAG RA&O.

g. Occasion of Award Recommendation

(1) Retirement or Separation Awards. The DON does not have a "retirement award" intended to recognize the entire period of one's military service upon occasion of retirement. The occasion of retirement or transfer to the Fleet Reserve or Fleet Marine Corps Reserve is a significant milestone in one's career and deserves consideration as an opportunity for recognition by a personal military decoration. A personal military decoration awarded on occasion of retirement or separation must be sufficiently justified by the individual's performance during the last tour prior to retirement or separation. The meritorious period for a retirement or separation award may only include accomplishments during the last tour of duty and will not include achievements from prior duty assignments. While achievements that were the subject of past awards cannot serve as the basis for a personal military decoration upon retirement, it is appropriate to include a final statement in the body of the citation reflecting on the member's

total years of service, such as “[Service member]’s superior performance of duties culminated her/his [XX] years of honorable and dedicated military service.”

(2) End of Tour (EOT) or Transfer Awards. Sustained meritorious performance is normally recognized only at the end of the prescribed tour of duty. This might be upon occasion of a permanent change of station, transfer, separation, or the end of a deployment. Every Sailor successfully completing a tour should be considered for recognition for their performance. However, in no instance should an EOT award be considered routine. EOT awards must be based on performance that clearly exceeds what is normally expected from a person in that grade and experience. Successfully completing a tour of duty in any billet does not entitle an individual to a personal military decoration. The level of the award must be commensurate with the level of performance and responsibility.

(3) Specific Achievement Awards. Award recommendation in this category should emphasize truly outstanding performance for a specific event occurring over a relatively short duration, usually between 1-180 days. Other than annual special award winners, such as Service Member of the Year and the annual superior performance awards, a deployment award would generally be the longest time recognized by a “specific achievement” award.

(4) Mid-Tour Awards. Awarding a personal military decoration in the middle of a tour of duty is rarely appropriate unless the achievement or accomplishment is so significant it cannot be appropriately recognized in any other way. If such an award is deemed appropriate, it must be an impact award as described in reference (a). Receipt of an impact personal military decoration does not preclude nomination for a meritorious service personal military decoration recognizing the entire tour of duty. However, any act or accomplishment used to justify the impact award must be excluded from the justification for the meritorious service personal military decoration, and not mentioned in the citation.

(5) Duplication of Awards. Only one award will be made to an individual for the same act, achievement, or period of meritorious service per reference (a). Members with collateral duties (i.e. dual hatted) can receive only one award covering all duties. It is not appropriate to issue a separate "specific achievement" award for a collateral duty that a member performs throughout their entire tour. The collateral duty should be incorporated into the EOT award.

h. Award Mailing. The NLSC Front Office will mail approved awards signed by CNLSC to the address provided in ETMS2 for active duty awards or the SharePoint award portal for reserve personnel awards. If an address is not provided, the award will be mailed to the address listed on the OPNAV 1650/3.

i. Record Updates. Where CNLSC is the approval authority for a personal award (e.g. MM), the NLSC PAMP will make the required service record updates in the relevant programs.

5. Sub-Delegation. Per reference (e), the sub-delegation of any award authority is not authorized except as specifically granted in reference (f).

6. Records Management. Records created as a result of this instruction, regardless of media or format, must be managed per the Secretary of the Navy Manual 5210.1 of September 2019.

7. Review and Effective Date. Per OPNAVINST 5215.17A, the Flag Secretary will review this instruction annually around the anniversary of its issuance date to ensure applicability, currency and consistency with Federal, Department of Defense, Secretary of the Navy and Navy policy and statutory authority using OPNAV 5215/40 Review of Instruction. This instruction will be in effect for 10 years, unless revised or cancelled in the interim and will be reissued by the 10-year anniversary date if it is still required, unless it meets one of the exceptions in OPNAVINST 5215.17A, paragraph 9. Otherwise, if the instruction is no longer required, it will be processed for cancellation as soon as the need for cancellation is known following the guidance in OPNAV Manual 5215.1 of 2016.
