Why IAs Need Effective CIAC Support

Four Star Hotel?... NOT!!!

"Hospital Facilities"... MASH Style

ONE WEEKEND A MONTH MY ASS!

"Internet Café" facilities...

"Hit the deck... and take cover!"

If you can't make much out of this photo, I'm not surprised. I couldn't see much either when I was lying on my belly a few hours ago. We were enjoying lunch at the dining facility (the "DFAC") when the foreboding alarms went off, alerting us of an incoming rocket. As we have been instructed, we all hit the deck, covering our heads. One does this for several minutes and then seeks out a bomb shelter or "hardened" building.

Why IAs Need Effective CIAC Support

• Sailor Comments from USFF Post Deployment

I keep trying to forget this whole thing ever happened, but it keeps getting brought back up. Nobody cared that I left, and nobody cared that I came back, with the singular exception of my Chief, and nobody told him what to do either. If there was a crack to fall through, I fell through it. Throughout my entire deployment and for six months afterward, I had no idea who my CIAC, or if I even had one (I didn't). A chief called me in August (7 months after I returned) claiming to be my CIAC, but who needs a CIAC half a year after they get back from an IA? He was about a year and a half late.

My Command CIAC was OUTSTANDING!!! We had a natural disaster that affected our home and the CIAC went above & beyond to help out my family
- RC, O3-O4, Afghanistan

The main reason my IA experience was unpleasant was because for the first 8 months I was in Iraq I never heard from my parent command or my CIAC. At the 8 month mark we got a new IA coordinator that contacted me and seemed like he genuinely cared.

- AC, E4-E6, Iraq

CIAC sucked, all I received were nasty grams about make contact. Reserve unit never contacted my family. I initiated most contacts with them.

- RC, O5-O6, Afghanistan

My CIAC never communicated with me and I had to reach deeply into my command to find out my redeployment time frame for checking in getting liberty. No one, save my DIVO from back home, made an effort to get me information and I continued to receive NFAAS emails every 1-2 weeks that said my CIAC was not inputting data on me. I received word from her only after 3 weeks and 3 emails, and she emailed me one week before I was due back in the US just to say there was nothing else for her to do. I didn't need the support, but I needed information and it wasn't available without digging deeply. Unsatisfactory.

- AC, O1-O2, Kuwait

I felt taken care of administratively the whole time I was deployed, i.e., I never felt like anyone had forgotten about me. My parent command made an effort to reach out and I was able to get follow-on orders easily.

- AC, O3-O4, Iraq

CIAC Effectiveness: BOG Phase

• Sailor Comments from USFF CIAC Support

I was provided a boilerplate monthly email from someone who was allegedly my CIAC but when I tried to respond for assistance with an issue that I needed to deal with, I got an auto-response email indicating that person no longer worked there.

- RC, O5-O6

Helped facilitate my wife in obtaining a new ID card after it was lost at the airport.

- AC, E4-E6

I never heard from my CIAC and when I contacted him about an E-7 exam waiver it was like pulling teeth trying to get answers.

- RC, E4-E6

The CIAC assisted my wife with pay issues when contract errors resulted in my family being dropped from TRICARE 6 months before my return. CIAC kept in touch with me on these issues.

- RC, E7-E9

I have been IA for almost 3 months and have yet to receive contact that was initiated by my CIAC. I have been waiting for a travel claim for 3 months. Every time I speak to my CIAC, they are very rushed and have total lack of knowledge on the status of my requests

- AC, E4-E6

My previous command remains in contact and makes me feel like my family is taken care of while I am away. I am a GSA and it feels like I have not left my parent command. My command has taken an active role in supporting my family, which has reduced the stress of this deployment immeasurably.

- AC, O3-O4

My CIAC is very much involved in assisting me during my deployment. Always checks with me to see if there is anything I need or if I have any questions or concerns. Very helpful! Made sure my family has all important information and resources pertaining to my deployment. CIAC program is excellent and makes me feel like I'm truly being taken care of.

- RC, E4-E6

Announcements

Per NAVADMIN 275/11 all navy personnel have been requested to Verify/Update their Address and Contact information in NFAAS.

To successfully accomplish this there are a couple of tasks you should be performed on the "MY Info" tab of each person's "Full Profile". Each of these steps should be performed on the "Contact Information" section **AND** the "Family Member Info" section.

Review Address and Contact (email/phone) information (on the "Contact Information" Section and the "Family Member Info" Section)

1. If everything is correct click the "Verify Info as Current" button. (Should be done for each family member too)
2. If the information is incorrect please click the "Edit" button and correct the information and save it. (If family member data is the same as make sure to click the checkboxes for all that the information applies to)

Unfortunately, address information can **ONLY** be Verified and/or updated when logging in with CAC or Username and Password. If "Personal Information" was used to login only their contact information will be updated and it **WON'T** verify(track) that their address information is correct. So, please encourage them to login with one of the other methods and follow the steps above.
