SUBJ/FISCAL YEAR 2025 FOREIGN LANGUAGE ONE-TIME TESTING BONUS//

REF/A/DOC/OPNAV/8NOV18//
REF/B/DOC/NSLA/01MAR23//
REF/C/DOC/OPNAV/14JUN24//

NARR/REF A IS OPNAVINST 7220.7H, NAVY FOREIGN LANGUAGE PROFICIENCY BONUS PROGRAM INSTRUCTION.
REF B IS THE NAVY FOREIGN LANGUAGE PROFICIENCY BONUS PROGRAM GUIDANCE FOR ACTIVE AND RESERVE COMPONENTS.
REF C IS OPNAVINST 5200.37A, NAVY FOREIGN LANGUAGE TESTING PROGRAM INSTRUCTION.//

RMKS/1. This NAVADMIN announces Fiscal Year (FY) 2025 implementation of the One-Time Testing Bonus (OTTB) component of the Foreign Language Proficiency Bonus (FLPB) program. The Navy is offering a one-time bonus of \$500 per designated language to encourage foreign language testing and identification of capability in the force.

2. The intent of the FLPB program is to incentivize development and identification of critical foreign language and dialect capabilities needed to build a Navy that can fight and win. FLPB reinforces competencies vital to keeping pace with growing multi-domain threats, incentivizes capabilities necessary for interoperability with allies and partners, and supports priorities outlined in the National Defense Strategy. References (a) and (b) promulgate overarching policy, establish procedures, and provide guidance for the administration and payment of FLPB.

3. There are 15 languages designated for the OTTB between 1 April 2025 and 30 September 2025. They are Cebuano, Chinese-Amoy, Chinese-Cantonese, Chinese-Mandarin, Hindi, Ilocano, Indonesian, Japanese, Korean, Malay, Miao (Yao/Hmong), Punjabi (Western), Tausug/Moro, Urdu, and Vietnamese. These languages may be beneficial in supporting current operations with partners and allies, and they align with and complement languages identified as critical to the Department of Defense and the Navy. Since these languages have not been incentivized through monthly FLPB payments recently or previously, the Navy's current capability in these languages is not quantified. Navy's OTTB program may focus on other critical language and dialect capabilities in future iterations.

4. Sailors with capability in any of the OTTB-designated languages are encouraged to test and may test in more than one language. Sailors with skills in multiple languages may qualify for OTTB in up to two languages per month. Sailors may take more than two tests per month, however, the maximum allowable OTTB payment for each individual is \$1000 per month. Payments in excess of \$1000 per month are deferred to the next month.

5. Eligibility and Award Criteria

a. OTTB is available to personnel in both the Active (AC) and Reserve Components (RC) with at least 1 year left in the Navy, who are not currently receiving or eligible for monthly FLPB payments. Sailors in FLPB eligible groups or those currently receiving monthly FLPB payments for any language are not eligible for the OTTB. Groups of Sailors not eligible for OTTB include language professionals (e.g., Foreign Area Officers, Cryptologic Technicians Interpretive), graduates of Defense Language Institute Foreign Language Center, Special Forces personnel, and Sailors earning regular monthly FLPB for other reasons, such as assignment to language-coded billets.

b. Sailors with skills in one or more of the OTTB-designated languages may qualify for the one-time, \$500 bonus when they complete the required modalities of the Defense Language Proficiency Test (DLPT) and/or Oral Proficiency Interview (OPI) and meet the eligibility criteria for the bonus. For OTTB eligibility, all tests must be completed between 1 April 2025 and 30 September 2025.

Previous DLPT scores or Navy Enlisted Classification (NEC) codes awarded for language proficiency prior to 1 April 2025 do not count for OTTB purposes.

c. The minimum acceptable score for OTTB eligibility is Interagency Language Roundtable (ILR) level 2+. ILR level 2+ is generally understood to be close to the proficiency level of an educated, native speaker. More detail on the ILR and skill level descriptions can be found at <https://www.govtilr.org/>.

6. Testing for OTTB Purposes

a. Types of available tests vary for current OTTB-designated languages. Tests may consist of a DLPT with both listening and reading modalities, a DLPT for the listening modality only, or an OPI, which assesses speaking proficiency. More information on tests of the DLPT system can be found at <https://www.dlflc.edu/resources/dlpt-guides/>. Because the types of tests vary, the procedures for earning OTTB also vary. Read the testing requirements carefully to ensure proper demonstration of proficiency for the OTTB.

b. Chinese-Mandarin, Hindi, Indonesian, Japanese, Korean, Punjabi-Western, Urdu, and Vietnamese all have two modality DLPTs and OPIs available. Sailors must first attempt to demonstrate proficiency via the DLPT (both modalities) to earn OTTB for capability in these languages. Sailors who achieve ILR level 2+ or above in both listening and reading modalities meet the proficiency level requirement for OTTB. Sailors who achieve ILR level 2+ or above in one modality but only ILR level 2 in the other, may request an OPI, but only after first attempting to demonstrate proficiency via the DLPT (both modalities). Sailors who achieve less than ILR level 2 on either modality are not eligible to request an OPI. OPIs must be requested within 30 days of the corresponding DLPT and completed within 60 days. Sailors who achieve ILR level 2+ or above in speaking, after previously achieving ILR level 2+ or above in listening or reading and not less than ILR level 2 in the other modality, meet the proficiency level requirement for OTTB.

c. The Chinese-Amoy DLPT has two modalities, but there is no corresponding OPI. Sailors must achieve ILR level 2+ or above in both listening and reading to earn OTTB for capability in Chinese- Amoy.

d. The Tausug/Moro DLPT has only the listening modality, and there is no corresponding OPI. Sailors must achieve ILR level 2+ in listening to earn OTTB for capability in Tausug/Moro.

e. Cebuano and Chinese-Cantonese DLPTs have only the listening modality, but there are corresponding OPIs. Sailors who achieve ILR level 2+ or above in listening meet the proficiency level requirement for OTTB. Sailors who achieve ILR level 2 in listening may request an OPI, but only after first attempting to demonstrate proficiency via the DLPT (listening only). Sailors who achieve less than ILR level 2 in listening are not eligible to request an OPI in Cebuano or Chinese-Cantonese. OPIs must be requested within 30 days of the corresponding DLPT and completed within 60 days. Sailors who achieve ILR level 2+ or above in speaking, after previously achieving ILR level 2 in listening, meet the proficiency level requirement to earn the OTTB for capability in Cebuano or Chinese- Cantonese.

f. Ilocano, Malay, and Miao-Yao/Hmong only have OPIs and no corresponding DLPTs. Sailors must achieve ILR level 2+ or above in speaking via an OPI to earn the OTTB for capability in these languages.

g. Sailors must complete all tests between 1 April 2025 and 30 September 2025 to qualify for this one-time bonus. Sailors are encouraged to take the tests as soon as possible. Individuals must wait 180 days before retaking the same DLPT or OPI. More foreign language testing information can be found in reference (c).

7. DLPT Scheduling for OTTB

a. To schedule a DLPT, Sailors should visit <https://www.mnp.navy.mil/group/training-education-qualifications/appointment-scheduler>. If you need test site information or your desired testing location is not available in the appointment scheduler, contact the Navy Foreign Language Testing Office at languageTesting@us.navy.mil.

b. Listening and reading portions of the DLPT must be scheduled individually. When not contrary to command or testing facility policy, Sailors may take listening and reading portions in any order and may take both portions on the same day or on different days. However, Sailors must complete both portions of a 2-modality DLPT within 30 days of each other to comprise a valid test. Additionally, they must complete both portions of the DLPT before 30 September 2025 to be eligible for the OTTB.

8. OPI Scheduling for OTTB

a. Sailors are encouraged to schedule and take OPIs as soon as possible. OPIs can take up to 6 weeks to schedule, but still must be completed before 30 September 2025 for OTTB eligibility. To schedule an OPI, Sailors or their test administrator should contact the Navy Foreign Language Testing Office at languageTesting@us.navy.mil.

b. Sailors must identify a test administrator when scheduling their OPI. A test administrator must be a commissioned or warrant officer, E-7 or senior, or civil servant at level GS-5 or higher. Contact the Navy Foreign Language Testing Office at languageTesting@us.navy.mil if you have questions about OPI administration.

9. Once testing is completed, no action is required by AC Sailors or their command. AC FLPB is processed automatically by the Navy Language, Regional Expertise, and Culture Office (OPNAV N13F) FLPB Program Manager after test

completion and adjudication of eligibility. RC Sailors must follow RESPERS M-1001.5 (Navy Reserve Personnel Manual) 7220-010 to request payment.

10. FLPB is a special pay, not an entitlement, and is subject to change or discontinuation. Acceptance of FLPB constitutes acknowledgement of the recipient's possible eligibility for deployment for language-related duties.

11. Foreign language testing is beneficial to Sailors regardless of eligibility for FLPB or OTTB. Enlisted Sailors who achieve ILR scores of 1+ or better in listening and reading (when both are available) via a DLPT or an ILR speaking score of 1+ or better via an OPI also earn a NEC code to document language skill(s) in their personnel records. No action is required by Sailors or their command, after test completion and adjudication of eligibility, NECs are processed automatically by OPNAV N13F staff. The American Council on Education recommends college credits for certain languages based on proficiency levels achieved on the DLPT. Sailors interested in applying for college credit should contact the Defense Activity for Non-Traditional Education Support Military Training Evaluation Program. More information can be found on their website at <https://www.dantes.mil/credit4training/>. For Navy-specific assistance on getting started, Sailors may also contact the Navy College Virtual Education Center through their website at <https://www.navycollege.navy.mil/>.

12. Commanding Officers should ensure widest dissemination of this information.

13. Points of contact

a. For Language, Regional Expertise, and Culture policy questions or questions about OTTB, contact OPNAV N13F, at altn_N13F1@navy.mil or by phone at (703) 604-6220.

b. For specific FLPB payment questions, contact the program manager at nxag_n13f_flpb@navy.mil or by phone at (703) 604-5509.

c. For frequently asked questions regarding foreign language testing visit <https://www.netc.navy.mil/lrec/dfltp/>. For all other language testing questions contact the Navy Foreign Language Testing Office at languageTesting@us.navy.mil.

REF B IS DEPARTMENT OF DEFENSE INSTRUCTION 1341.15, BASIC NEEDS ALLOWANCE.

REF C IS ASSISTANT SECRETARY OF THE NAVY (MANPOWER AND RESERVE AFFAIRS) DELEGATION MEMO - BASIC NEEDS ALLOWANCE.

REF D IS NAVADMIN 155/23, BASIC NEEDS ALLOWANCE UPDATE ONE.//

RMKS/1. This NAVADMIN announces updates to Navy policy and procedures for the Basic Needs Allowance (BNA) and supersedes reference (d).

2. In line with reference (a), reference (b) established Change 3 to the Department of Defense policy for BNA. Reference (c) authorizes the Chief of Naval Personnel to implement BNA policy. The BNA program provides a monthly allowance to Sailors whose Gross Household Income (GHI) and household size place them below 200 percent of Federal Poverty Guidelines (FPG) for their Permanent Duty Station (PDS) location. BNA provides additional income to address the difference between GHI from the previous Calendar Year (CY) and 200 percent of the FPG for the current CY. These changes are effective 12 May 2025. These references, frequently asked questions, templates, and other BNA resources can be found here: <https://www.mynavyhr.navy.mil/References/Pay-Benefits/>.

3. Eligibility. In line with paragraph 3.2.a of reference (b), eligibility for BNA requires that a Sailor meets all of the following criteria:

- a. They have completed Initial Entry Training (IET). For purposes of BNA, this coincides with a Sailor arriving at the first PDS after completion of all required training at any location, including training locations that are considered a PDS.
- b. Their GHI during the most recent CY did not exceed 200 percent of the FPG for that year.
- c. They have dependents enrolled in Defense Enrollment Eligibility Reporting System (DEERS) and listed on their Dependency Application/Record of Emergency Data (NAVPERS 1070/602).

d. They voluntarily applied for BNA and were certified by Navy Pay and Personnel Support Center (NPPSC).

4. Ineligibility. In line with paragraph 3.2.b of reference (b), Sailors are ineligible to receive BNA if any of the following items apply:

- a. They have not completed IET.
- b. They do not have any dependents.
- c. Their GHI during the most recent CY exceeded 200 percent of the FPG for that year.
- d. Their current, annualized GHI exceeds 200 percent of the FPG for the previous CY.
- e. They are a midshipman at the United States Naval Academy or in the Naval Reserve Officer Training Corps.

5. Screening. NPPSC will conduct monthly screenings. No input from Sailors or commands is required for this screening. NPPSC will provide each command a list of Sailors who have screened as potentially eligible for BNA via enterprise Customer Relationship Management (eCRM), if available, and an email to the command triad and Command Pay and Personnel Administrators (CPPA). Commands can also review potentially eligible members by reviewing BNA reports available in the Enhanced Unit Commander's Financial Report.

6. Notification. Sailors who screen as potentially eligible to receive BNA will be officially notified by their chain of command via an Administrative Remarks (NAVPERS 1070/613) and be provided an application as described in paragraph 13.

a. Units are required to report to NPPSC the total number of Sailors notified each month by the 5th day of the following month. Units will use the BNA monthly report described in paragraph 13 and submit to NPPSC via eCRM, if available, or via email using nppsc-audit@us.navy.mil. The report will include all subordinate unit identification codes that do not have their own Commanding Officer (CO). No report is required if no Sailors were screened as potentially eligible.

b. If a Sailor is notified via NAVPERS 1070/613 that they may be eligible for BNA, they have 180 days to submit an application or they will be deemed ineligible until rescreened. Sailors who are notified during IET have 180 days to apply after arrival at their first PDS after completion of IET or they will be deemed ineligible until rescreened.

c. Once notified of potential eligibility to receive BNA, Sailors should further determine their eligibility based on their total GHI before starting an application. Resources available to assist Sailors include but are not limited to their CPPAs, Personal Financial Managers (PFM) at the local Fleet and Family Support Center (FFSC), and their Command Financial Specialist (CFS).

Additional resources can be found at:

<https://www.mynavyhr.navy.mil/References/Pay-Benefits/>.

7. Application Process:

a. Sailors may submit an application whether or not they have been notified as potentially eligible for BNA.

b. Sailors in IET cannot submit an application until they have arrived at the first PDS after completion of all required training at any location, including training locations that are considered a PDS.

c. Sailors in receipt of separation orders may not apply for BNA.

d. Applications will be submitted to NPPSC via eCRM. If eCRM is not available, commands may submit via email using nppsc-audit@us.navy.mil.

This application should be in a single pdf file and must include the following:

- (1) Completed application signed by the CPPA or other designated verifying official and endorsed by the CO.
- (2) Supporting documentation to confirm GHI in line with the definition of GHI in section g.2 of reference (b).
- (3) Copy of NAVPERS 1070/613 screening notification, if applicable.
- e. Additional GHI considerations are described in paragraph

3.4.b.(8) and (9) of reference (b).

f. Sailors are encouraged to seek assistance during the application process. Personnel available to assist with the application include, but are not limited to: CPPAs, PFMs at the FFSC, and CFSS.

8. Application Adjudication. NPPSC is the adjudicating authority for BNA applications. Adjudication will occur within 30 days of receipt of a complete, verified application endorsed by the CO. NPPSC will adjudicate applications as certified, ineligible, or incomplete, and will provide a detailed explanation of the outcome via eCRM or e-mail.

a. Correspondence to Sailors will be expeditiously retrieved from eCRM or e-mail by the command and delivered to the Sailor. The Sailor is required to initial the correspondence next to their name to confirm receipt.

b. If an application is adjudicated as certified, BNA is effective on the date of certification and first payment will be made within 30 days. Counseling requirements listed in paragraph

3.7.c of reference (b) will be explained in the certification notification letter to the Sailor.

c. NPPSC will maintain documentation, disaggregated by month, of all items listed in paragraph 3.5.f of reference (b).

9. Special BNA Eligibility Considerations. See paragraph 3.2.c of reference (b). BNA will terminate 60 days after Sailors become ineligible due to their monthly GHI, when annualized, exceeding 200 percent of the previous year FPG. For example, a Sailor that receives a promotion and becomes ineligible for BNA due to the pay increase, will continue to receive BNA at the previously calculated rate for 60 days after the date of promotion.

10. Computation of Allowance. Monthly BNA payment is equal to 2.0 times the most recently published annual FPG for the CY during which the allowance is paid based on the Sailor household size, minus the Sailor's GHI during the previous calendar year, divided by 12. A sample BNA payment computation and information on BNA proration for periods of duty under 30 days are found in figure 1 and paragraph

3.6.c of reference (b), respectively.

11. Recertification Requirements:

a. In line with paragraph 3.7.b of reference (b), for Sailors receiving BNA, recertification by NPPSC is required if any of the following occur:

- (1) 12 months has elapsed since their BNA was last certified.
- (2) Their monthly, recurring GHI increases by \$150 or more per month.
- (3) The number of dependents in their household changes.

b. If GHI increases by \$150 or more per month due to changes other than military compensation, Sailors receiving BNA are responsible to notify NPPSC via their CPPA through eCRM or email within 60 days. NPPSC will monitor

changes in military compensation and will recertify eligibility when military compensation increases.

(1) GHI changes that require notification to NPPSC will be submitted to NPPSC using the GHI update document described in paragraph 13. A new application is not required when providing routine GHI updates.

(2) Failure to notify NPPSC within 60 days of a qualifying GHI change may result in termination of BNA eligibility and recoupment of any overpayment.

(3) GHI updates do not require CO endorsement. CO endorsement is required for applications only.

c. NPPSC will automatically recertify and recalculate BNA payments due to changes in military compensation or number of dependents of a participating Sailor as long as DEERS is current and updated by the Sailor. NPPSC will provide an updated adjudication via eCRM or email detailing any changes to BNA status.

d. No later than 10 January each year, Sailors receiving BNA will submit a GHI update document with substantiating documentation to NPPSC to establish their previous CY GHI.

12. Reserve Component (RC). Members of the RC on Active Duty (AD) as defined in Section 101 of Title 37, U.S.C. may apply for BNA if otherwise eligible. For purposes of BNA, if the AD orders are for temporary duty, the PDS is the Navy Reserve Center to which the member is assigned. If the AD orders involve a PCS, the new PDS location is used for purposes of BNA.

13. BNA Documents. Specific tools and templates are required to be utilized during the screening, notification, and application processes. All items can be found here:

<https://www.mynavyhr.navy.mil/References/Pay-Benefits/>.

a. The following document templates are required to be used in the execution of BNA:

(1) NAVPERS 1070/613. Utilized for all official notifications once a Sailor is screened as potentially eligible.

(2) Application. Utilized for application submission to NPPSC via eCRM or email.

(3) GHI Update Document. Utilized to submit annual recertification, no later than 10 January each CY, by Sailors already receiving BNA.

(4) BNA Monthly Report. Utilized by units to submit the reporting template monthly via eCRM or email no later than the 5th day of each month, with total number of Sailors notified of potential eligibility. No report is required if no Sailors were screened as potentially eligible.

14. This NAVADMIN will remain in effect until superseded or canceled, or 31 May 2030, whichever occurs first. POC for BNA policy is the Military Pay and Compensation Policy Branch (OPNAV N130). OPNAV N130 can be reached via email at NXAG_N130C@navy.mil.

(ASP) is a specialized track at the Naval War College in Newport, RI to develop officers skilled in formulating, developing, and executing strategy at various leadership levels in order to fill key billets in Navy, Joint, and high-level political staffs.

a. Eligibility:

(1) Active duty O5-O6 officers with the following designators: 1110, 1120, 1130, 1140, 1310, 1320, 1810, 1820, and 1830.

(2) TAR officers are eligible for ASP.

b. Program information: Up to five Navy officers will be selected for the AY26-27 Advanced Strategist Program by the PERS selection board. Officers must also be screened by their community for resident senior-level war college in order to participate in ASP. The 13-month program is completed in conjunction with the College of Naval Warfare curriculum. Additional information can be found at <https://usnwc.edu/>. Preference will be given to those applicants with strong academic backgrounds, particularly in Political Science, History or Economics, and officers with proven track records of performance, who are capable of serving at the highest level of the U.S. Government, such as the White House, NSC, or the Navy Staff and the Joint Staff (in designated strategist billets).

c. In-residence graduate education credit: The Naval War College ASP program satisfies the in-residence graduate education requirement for major command (see reference (h)).

d. Reutilization/Service obligation: ASP graduates incur a service obligation of two years, as per reference (i). ASP graduates will serve at least one tour in a validated naval strategist billet, subject to career timing and on a not-to-interfere basis with command or milestone tours.

e. Subspecialty Code/Additional Qualification Code: NWC ASP graduates will earn the 2300P Naval Strategy subspecialty code.

12. Politico-Military Master's Program. This program confers a master's degree. The PMM program provides officers a graduate education in strategy and politico-military affairs at leading civilian universities. The PMM program educates naval strategists who will be utilized in subsequent strategy and policy-related billets.

a. Eligibility:

(1) Active component O3-O4 officers with the following designators: 1110, 1120, 1130, 1140, 1310, 1320, 1710, 1810, 1820, 1830, and 1840.

(2) TAR officers are not eligible.

(3) Officers who have already participated in a Department of Defense-funded graduate education program are not eligible.

b. Program information: Up to eight officers may be selected for the one-year PMM program. Selected officers will carry a full academic load during the academic year. GRE scores are optional for inclusion in the application package but may be required for university admission. Applicants are responsible for applying to schools. This unique scholarship opportunity supports the DoD emphasis on developing language skills and regional cultural knowledge across the force.

a. Eligibility:

(1) Active component officers with the following designators: 1110, 1120, 1130, 1140, 1310, 1320, 1810, 1820, 1830, and 3100.

(2) TAR officers are not eligible.

(3) Applicants must have at least three years of Active Federal Commissioned Service (AFCS) and no more than 12.5 years of total Active Federal Service (AFS), with both periods of service calculated as of 01 April 2026.

b. Program Information: The Navy is seeking applicants who display the warfighting and intellectual qualities of dedicated career officers who aspire to command. Applicants should be available to commence language training in summer 2026 at the Defense Language Institute Foreign Language Center in Monterey, CA or Washington, DC, begin two years of study at a foreign university in 2027 and complete their studies in 2029. Olmsted notifications will occur in two phases. Navy nominees will be notified via email following the Navy selection board in November 2025. Scholars selected by the Olmsted Foundation Board of Directors will be notified via email following the selection board in March 2026. GRE scores (taken within five years of 01 April 2026) and DLAB scores are required.

c. In-residence graduate education credit: This program may confer a master's degree, which would satisfy the in-residence graduate education requirement for major command (see reference (h)).

d. Reutilization/Service Obligation: Olmsted Scholars incur a service obligation equal to three times (3x) the number of months in the education program, which will be calculated based on the number of months the officer is assigned to an overseas university.

e. Subspecialty Code/Additional Qualification Code: Olmsted Scholars will earn the 219 AQD code. Additionally, if they complete a degree in a politico-military field they may earn a 2XXXP subspecialty code and become eligible to fill validated subspecialty-coded billets.

SUBJ/NOTICE OF CONVENING FY27-1 TEST PILOT SCHOOL SELECTION BOARD//

REF/A/DOC/BUPERS/06JAN21//

AMPN/REF A IS BUPERSINST 1500.62E, TEST PILOT SCHOOLS//

RMKS/1. This NAVADMIN announces convening of the U.S. Naval Test Pilot School (USNTPS) Selection Board on 13 November 2025. This board will select highly qualified Naval Aviators and Naval Flight Officers (NFOs) to attend USNTPS. It will also select one fixed-wing pilot to attend the French Test Pilot School, Ecole du Personnel Navigant d'Essais et de Reception (EPNER). TPS graduates have significant and long lasting influence on platforms and systems that directly impact the future warfighting capability of the Fleet. Request command and Fleet community assistance to identify candidates with strong operational performance and ideally, strong academic backgrounds in Science, Technology, Engineering, or Mathematics fields of study.

2. To be eligible for board consideration, a signed command- endorsed application in accordance with reference (a), must be received by MyNavy Career Center (MNCC) no later than 9 October 2025. Applicants are encouraged to review reference (a) in detail to ensure their package complies with application guidelines.

Applicants with missing required information may be removed from consideration. Additional documentation (including Wing/CAG endorsements, letters of recommendation, Fitness Reports (FITREPs), etc.) will be accepted until 30 October 2025, but must be submitted by the applicant, as a letter to the board, in line with subparagraph 4.a. below. The e-mail address(es), phone number(s), college transcripts, Anthropometric Data Measurement Record, a current physical readiness test and body composition assessment Detail Report from physical readiness information management system, last FITREP, service agreement, and post-TPS test squadron assignment preferences of the applicant must be included with the application. Current contact information (ashore/afloat e-mail and phone number) of the Commanding Officer must also be included to expedite notification, if selected.

3. Typical post-TPS assignments for graduates are listed below, but are subject to change and vary board to board. Post-TPS assignments are typically finalized halfway through the TPS course of instruction.

- a. VX-20: VP, VQ, VAW, VRC
- b. HX-21: All Helo, VRM
- c. VX-23 / VX-31: VFA, VAQ
- d. VX-30: VP, VAW, VAQ
- e. UX-24: All communities

4. The command endorsement shall explicitly state whether the applicant, if selected, will be allowed and available to report for aircraft pre-arrival training by the following dates:

a. Fixed-wing pilots:

(1) 2 Feb 2026 (preferred)

(2) 2 Mar 2026 (required)

b. Tiltrotor pilots: 1 Apr 2026

c. Rotary-wing pilots: 1 May 2026

d. NFOs or UAS operators: 1 Jun 2026 Endorsements with availability dates after these respective dates may be removed from consideration and not reviewed by the board.

Inability for the applicant to meet the above dates may be mitigated by conducting initial training in a Temporary Additional Duty (TEMADD) status at the expense of the endorsing command. If this is required, it must be explicitly stated in the command endorsement that the endorsing command will provide TEMADD funds until the applicant can officially detach. If the applicant has official change of duty orders and is projected to transfer prior to the board convening date of 13 November 2025, a gaining command endorsement is required in addition to the endorsement from the applicant's current command.

5. USNTPS has a cooperative program with Purdue University wherein Purdue teaches asynchronous online pre-arrival courses which serve as a technical refresher and provide 4 credits towards a Master's degree. Candidates selected for USNTPS will receive directions for immediate enrollment in Purdue Online within two weeks of selection board results. Required pre-arrival coursework on foundational subjects (e.g., calculus and mechanics) will commence online on 9 March 2026 and will run concurrent to the preparatory aircraft training described above, dependent on the applicable timeline. In cases where the pre-arrival online courses precede aircraft training, candidates are expected to complete the online courses while still attached to their current command. If operational conflicts exist that prevent Purdue Online course registration and pre-arrival course completion, selected candidates should contact USNTPS promptly to discuss contingencies.

6. Application package submissions:

a. The preferred method of application submission is electronic. E-mail encrypted PDF submissions to cscselboard@navy.mil and carbon copy richard.s.westerfield.mil@us.navy.mil and brandy.l.dempster-theisen.ctr@us.navy.mil. 11. Only eligible officers may communicate with a continuation selection board via the letter to the board (LTB) process. NAVADMIN 220/19 announced the introduction of a new application known as Electronic Submission of Selection Board Documents (ESSBD), accessible through My Navy Portal (MNP). ESSBD improves the speed, transparency and confidence of receipt over current LTB submission methods, such as hard copy and e-mail submitted letters and related attachments.

a. ESSBD is available for all promotion, advancement and selection boards.

b. ESSBD provides board candidates with the capability to electronically submit LTBs in a standard, consistent format, with or without attachments and will allow the candidate to see (for content and clarity) exactly what will be delivered and presented to the board.

c. To utilize ESSBD, candidates must access document services through MNP at <https://www.mnp.navy.mil/group/my-record>.

On-screen instructions will direct the submitter thereafter.

d. Submission and subsequent receipt acknowledgement for LTBs submitted via ESSBD or other means does not constitute confirmation of eligibility for the boards to which LTBs are submitted. If required, a full visual user guide is available through MNP at <https://www.mnp.navy.mil/group/advancement-and-promotion>.

e. LTBs must be received by Navy Personnel Command no later than 2359 (central standard time) (CST) 10 days prior to the convening date of the respective board, as noted below. Submitters are cautioned to not wait until the deadline date to submit LTBs via ESSBD or other available avenues.

g. The written communication may call attention to the board, any matter concerning the record of the officer that the officer considers important. Written communication may include, as enclosures, correspondence from any individual concerning the eligible officer. Correspondence not originated by the eligible officer, including endorsement to the letter of the eligible officer and letters written on behalf of that officer, must contain a written acknowledgement by the eligible officer that he or she desires such correspondence be presented to the board. Correspondence without such an acknowledgement is considered third party correspondence and will be rejected without being presented to the board. Classified correspondence will not be accepted.

12. All officers are reminded of their responsibility to ensure the completeness and accuracy of their official records prior to the convening date of the board.

13. Questions regarding LTB submission and continuation should be directed to MyNavy Career Center by calling 1-833-330-MNCC (1-833-330-6622/DSN: 882-6622) or e-mailing ASKMNCC@navy.mil.

14. Additional information concerning continuation is also available via MNP at <https://www.mnp.navy.mil/group/advancement-and-promotion/p-officer-promotion-resources-and-links>, then click on the Websites side (vice Systems side) of the blue header. b. ELD course completion is a required prerequisite to be eligible for selection to E8 in line with reference (b). E8 candidates must complete the CPO-LDC. Sailors who have completed the course should verify their Electronic Service Record (ESR) has been updated with the 8LDC Navy Enlisted Classification (NEC). If NEC 8LDC does not reflect in the ESR of an E8 candidate, the requisite course completion certificate must be made available to Selection Board Eligibility Branch (PERS-802) via email and the board president via LTB. LTBS are not made available to PERS-802. Failure to send the requisite course completion certificate to PERS-802 and to the board president via LTB will result in a candidate being not considered by the selection board. SEA course completion does not satisfy the CPO-LDC requirement.

c. SEA course completion is a required prerequisite to be eligible for selection to E9 in line with reference (c). Sailors who have completed the course should verify their ESR has been updated with the 8SEA NEC. If NEC 8SEA does not reflect in the ESR of an E9 candidate, the requisite course completion certificate must be made available to PERS-802 via email and the board president via LTB. LTBS are not made available to PERS-802. Failure to send the requisite course completion certificate to PERS-802 and to the board president via LTB will result in a candidate being not considered by the selection board.

3. For promotion to the grade of lieutenant, an All-Fully- Qualified- Officers List (AFQOL) consisting of those officers recommended for promotion on their most recent fitness reports will be sent to the Secretary of the Navy, who will certify the AFQOL and forward the list to the Secretary of War. Those officers determined not fully qualified for promotion will be omitted from the AFQOL, constituting a failure of selection. Officers who have previously twice failed of selection for promotion to lieutenant will not be eligible for consideration by subsequent AFQOL processes unless considered and approved for continuation per section 14701 of title 10, U.S. Code. The All-Fully-Qualified (AFQ) standard applies to all designators. The AFQ standard will also be utilized for any officers administratively missed when the original lists were compiled.

4. Officers in the grades of lieutenant, lieutenant commander, and commander are eligible for consideration for promotion only if they have served continuously on either the RASL or Active-Duty List (or a combination of both lists) during the one-year period ending on the date of the convening of the promotion board. Accordingly, officers returning to an active status from a period of inactive or broken service (USNR-S2, discharge) are eligible for consideration for promotion only after continuously serving in an active status for one full year. Membership in the Individual Ready Reserve does not qualify for deferment of eligibility for consideration.

5. Only eligible officers may communicate with a promotion selection board via the letter to the board (LTB) process. Electronic Submission of Selection Board Documents (ESSBD), accessible through MyNavy Portal (MNP), <https://mn3p.navy.mil/web/advancement-and-promotion>, is the preferred method for submitting a LTB. ESSBD improves the speed, transparency, and confidence of receipt over previous LTB submission methods, such as hard copy and e-mail submitted letters and related attachments.

a. ESSBD provides board candidates with the capability to electronically submit LTBs in a standard, consistent format, with or without attachments and will allow the candidate to see (for content and clarity) exactly what will be delivered and presented to the board.

b. To utilize ESSBD, candidates may access document services through MNP at <https://mn3p.navy.mil/web/advancement-and-promotion>. On-screen instructions will direct the submitter thereafter.

c. Submission and subsequent receipt acknowledgement for LTBs submitted via ESSBD or other means does not constitute confirmation of eligibility for the boards to which LTBs are submitted. ESSBD is accessible through MNP, <https://mn3p.navy.mil/web/advancement-and-promotion>, or BUPERS Online, <https://www.bol.navy.mil/>.

d. LTBs must be received by Navy Personnel Command not later than 2359 Central Standard Time (CST) or Central Daylight Time (CDT) 10 days prior to the convening date of the respective board, as noted below. Submitters are cautioned not to wait until the deadline date to submit LTBs via ESSBD or other available avenues.

Selection To	Convening Date	Due Date / Time
URL/RL Captain	2 FEB 26	22 JAN 26 / 2359 CST
Staff Corps Captain/Commander	3 MAR 26	20 FEB 26 / 2359 CST
URL/RL Commander	10 MAR 26	27 FEB 26 / 2359 CST
Staff Corps Lieutenant Commander	26 MAY 26	15 MAY 26 / 2359 CDT
Chief Warrant Officer 5/4/3	4 JUN 26	24 MAY 26 / 2359 CDT
URL/RL Lieutenant Commander	15 JUN 26	4 JUN 26 / 2359 CDT

e. If unable to use ESSBD, the CSCSELBOARD(at)NAVY.MIL mailbox account is capable of receiving encrypted correspondence in accordance with Department of War policy. If sending a board package from a non-Navy Marine Corps Intranet network (bumed.mil, eu.navy.mil, etc.), please review procedures listed in NAVADMIN 220/19.

f. The written communication may call attention to the board any matter concerning the record of the officer that the officer considers important. Written communication may include, as enclosures, correspondence from any individual concerning the eligible officer. Correspondence not originated by the eligible officer, including endorsement to the letter of the eligible officer and letters written on behalf of that officer, must contain a written acknowledgement by the eligible officer that he or she desires such correspondence be presented to the board.

Correspondence without such an acknowledgement is considered third party correspondence and will be returned without being presented to the board. Classified correspondence will not be accepted.

6. Questions regarding LTB submission should be directed to MyNavy Career Center by calling 1-833-330-MNCC (1-833-330-6622/DSN: 882-6622).

7. The Secretary of the Navy has authorized the Reserve Active-Status List line and staff corps promotion boards for the grades of captain, commander, and lieutenant commander to reorder their recommended promotion list based on particular merit as allowed by section 14108 of title 10, U.S. Code. An officer may be placed higher on a promotion list only if the officer receives the recommendation of at least a majority of the members of the board. For officers recommended to be placed higher on a promotion list, the board shall recommend the order in which those officers should be placed on the list.

8. All officers are reminded it is their responsibility to ensure their personnel records are accurate and complete.

9. This NAVADMIN will be canceled for record purposes on 30 September 2027.

Officers to attend in-residence graduate education at civilian institutions
(CIVINS). WEPS is the follow-on program to the previous Fleet Scholars
Education Program (FSEP).

a. In accordance with reference D, student officers are highly encouraged
to select CIVINS within commuting distance of current (or pending) duty
stations within the United States. Hybrid programs allowing the student
officer to stay at their permanent duty station and travel (self-funded) to
the selected civilian institution for in-person cohort time, are acceptable
and credit for In Resident Graduate Education (IRGE) requirement (per
reference F) will be granted. Selectees for WEPS-FT will be administratively
assigned to the closest senior Navy Reserve Officer Training Corps (NROTC) or
Navy Support unit.

b. WEPS-FT is available at the Lieutenant (LT) and Lieutenant Commander
(LCDR) paygrades. Top performing Lieutenant Junior Grade (LTJG) Officers may

be considered if scheduled to be promoted to LT before reporting to their selected school for graduate education.

c. WEPS-FT participants detailed to a self-selected CIVINS will have up to 24 months to complete a graduate degree while in a full-time student status. Participants will be required to complete a degree that will earn a subspecialty code (SSC) indicated by the approved areas of study listed in paragraph 5.

Bill or other means (Tuition Assistance is prohibited). PRMI and GTRI are fully funded opportunities.

f. Officers who have already received fully funded Navy provided graduate education are not eligible to participate. Graduate degrees obtained through Naval War College, Post 9-11 G.I. Bill, Tuition Assistance, or the Navy College Program for Afloat College Education are not disqualifiers. Selectees will be assigned an Additional Qualification Designation (AQD) for tracking and career management purposes.

g. Final selections will be made via community processes.

6. TAR CDR SELRET Board:

a. The TAR CDR SELRET Board is authorized to retain TAR commanders who were:

(1) twice considered and failed of selection to Captain with more than 17 YOAS as of 1 September 2026,

(2) are not on a promotion list to a higher grade in order to meet requirements and authorized end strength, and

(3) were not previously considered by a TAR CDR SELRET Board.

b. TAR Commanders selected for retention that would otherwise exceed 28 YCS as a result of their selection will undergo an additional screen by the SELRET board for continuation in line with references (a) through (c). In this process, selection for retention is a prerequisite for continuation screening, however, selection for retention does not equate to approval for continuation. In line with reference (c), the board will make a continuation approval determination based on the needs of the Navy for TAR officers who exhibit superior performance in reserve management holding one or more of the following Additional Qualification Designation (AQD) codes: 2D1 or 2D2 Command eligible or qualified, 2N1 or 2N2 Reserve Command eligible or qualified.

Approval for both retention and continuation by the board meets the exceptions to policy set forth in enclosure (5), paragraph 5.f. of reference (a).

c. In line with reference (a), TAR O5s not selected for retention will retire or be released from Active Duty not later than the first day of the seventh calendar month beginning after the month in which the SELRET board results are released. TAR officers will be retained on Active Duty, if necessary, to enable the officer to become eligible for a regular Active Duty retirement. Except as provided by exception in reference (a), retention of TAR O5s on Active Duty will not normally extend beyond the first day of the month following the month in which the officers complete 28 YCS unless also approved for continuation by the SELRET board. O5s retained by this SELRET board, to include those that may receive continuation approval, will be released from active duty not later than the first day of September of the FY following the SELRET board.

7. TAR CAPT SELRET Board:

a. The TAR CAPT SELRET Board is required to retain TAR Captains beyond 3 years time in grade bringing TAR inventory in line with authorized end strength, allowing for stable promotion opportunity.

b. TAR Captains who were promoted during FY-25 will be considered for their first gate and TAR captains who were promoted during FY-22 will be considered for their second gate. All eligible officers will be notified by community management. In line with reference (a), second gate TAR Captains not selected for retention will retire or be released from Active Duty no later than 1 September 2027, and first gate TAR Captains not selected for retention will retire or be released from Active Duty no later than 1 September 2028. In either case, TAR officers will be retained on Active Duty, if necessary, to enable the officer to become eligible for a regular Active-Duty retirement.

c. TAR Captains who have been selected for second gate retention on a previous CAPT SELRET Board, may request continuation beyond 30 YCS in line with references (a) through (c). In this process, prior selection for retention is a prerequisite for continuation screening, however, selection for retention does not equate to approval for continuation. In line with reference (c), the board will make a continuation approval determination within Title 10 control grade limitations, and based upon the needs of the Navy for TAR officers who exhibit superior performance in reserve management holding one or more of the following AQD codes: 2D4 Major Command screened, or RB6 Human Resource Captain Command or Milestone qualified. Approval for continuation by the board meets the exceptions to policy set forth in enclosure (5), paragraph 5.f of reference (a).

8. TAR Officers on the RASL who meet any of the criteria in paragraphs 3-5 shall check BUPERS Online, via MyNavy Portal at <https://my.navy.mil/quick-links.html>, after release of the respective selection ALNAV message, to determine if they were selected for retention and continuation. 11. Only eligible officers may communicate with a continuation selection board via the Letter to the Board (LTB) process. Officers are encouraged to

use the Electronic Submission of Selection Board Documents (ESSBD) process for LTB submission, accessible through My Navy Portal (MNP). ESSBD improves the speed, transparency and confidence of receipt over current LTB submission methods, such as hard copy and e-mail submitted letters and related attachments.

a. ESSBD is available for all promotion, advancement and selection boards.

b. ESSBD provides board candidates with the capability to electronically submit LTBs in a standard, consistent format, with or without attachments and will allow the candidate to see (for content and clarity) exactly what will be delivered and presented to the board.

c. To utilize ESSBD, candidates must access document services through MNP at <https://mn3p.navy.mil/web/myrecord/overview>. On-screen instructions will direct the submitter thereafter.

d. Submission and subsequent receipt acknowledgement for LTBs submitted via ESSBD or other means does not constitute confirmation of eligibility for the boards to which LTBs are submitted. If required, a full visual user guide is available through MNP at <https://mn3p.navy.mil/web/advancement-and-promotion>.

e. LTBs must be received by Navy Personnel Command no later than 2359 (Central Standard Time) (CST) 10 days prior to the convening date of the respective board, as noted below. Submitters are cautioned to not wait until the deadline date to submit LTBs via ESSBD or other available avenues.

If sending a board package from a non-NMCI network (bumed.mil, eu.navy.mil, etc.), please review procedures listed in NAVADMIN 220/19.

g. The written communication may call attention to the board, any matter concerning the record of the officer that the officer considers important. Written communication may include, as enclosures, correspondence from any individual concerning the eligible officer. Correspondence not originated by the eligible officer, including endorsement to the letter of the eligible officer and letters written on behalf of that officer, must contain a written acknowledgement by the eligible officer that he or she desires such correspondence be presented to the board. Correspondence without such an acknowledgement is considered third party correspondence and will be returned without being presented to the board. Classified correspondence will not be accepted.

12. Questions regarding LTB submission should be directed to MyNavy Career Center by calling 1-833-330-MNCC (1-833-330-6622/DSN: 882-6622).

To ensure Fleet readiness in FY26 and beyond, we must strategically leverage all force management tools to attract, develop, and retain top Active Duty and Reserve talent. All Hands on Deck. Eligible commands must have a designated Command Career Counselor and at least 50 cumulative Sailors in zones A, B, and C, as identified by the non-average End of Active Obligated Service (EAOS) inventory on the Navy Retention Monitoring System "RET-ATT" report. Exceptions are determined by the applicable echelon 2 Commander.

d. Computation Exceptions. If a zone has no Sailors reaching EAOS, but the command has qualifying transactions in Zones A through C, that zone's reenlistment rate will default to the minimum required benchmark. Commands must have qualifying transactions in at least one zone.

e. To request an Exception to Policy (ETP) for any award element in paragraph 3, submit a written request with justification through your Immediate Superior In Command (ISIC)/Type Commander (TYCOM), signed by the Commanding Officer. Disapproved ETPs will not be considered. Echelon 2 commands have final ETP approval authority. TYCOMs and direct reporting counselors will submit eligible commands to echelon 2 by 1 December 2026.

4. Legacy REA and BIC Announcement Recognition

a. Echelon 2 commands should announce their FY26 REA legacy and BIC recipients by 31 January 2027, after consolidating submissions from echelon 3 and direct reporting commands.

b. Following the announcement, REA/BIC awardees may fly the BIC pennant (blue, silver anchor) and paint their anchor gold. Legacy REA award winners and BIC contenders meeting benchmarks, but not selected for BIC, may fly the Retention Award pennant (gold, blue anchor).
